What is Capstone Marketplace?

Our mission is to match multidisciplinary student teams with challenging engineering projects.

SE Capstone Marketplace

Embed Systems Engineering principles into young students.

Transition

Outcomes thus far of the Capstone Marketplace

- More than 100 students have participated in Capstone Marketplace projects representing:
 - Aerospace Engineering
 - Civil Engineering
 - Electrical Engineering
 - Engineering Science
 - Mechanical Engineering
 - Bio-medical Engineering
 - Computer Science
 - Engineering Management
 - Industrial and Systems Engineering
 - Naval Engineering
- 6 academic institutions have participated
 - Georgia Institute of Technology
 - Johns Hopkins University
 - North Carolina Agricultural and Technical State University
 - Smith College
 - Stevens Institute of Technology
 - University of Alabama in Huntsville
- 5 sponsors have participated
- 10 new projects for the 2015-16 year

The Future SE Capstone Marketplace

Where can we go. What are our limits.
